

At NENI food is not just food – it’s an experience. Your dishes will not only satisfy hunger but it will also warm hearts, created for making people not only eat, but celebrate their time together. The cooking style NENI is an eclectic mix of recipes and flavors from around the world inspired by the Israeli cuisine, where Haya Molcho, the founder of NENI has her roots. It’s called Balagan style and could be translated as “sympathetic chaos” which describes this modern Tel Avivian cuisine very well. With us, you bring this new taste to the island and become a part of the international NENI-Crew and our particular BIKINI Island & Mountain Hotel Port de Sóller, Mallorca.
